1. **Should the Beaumaris Campus remain a part of the Sandringham College or become a 'stand alone' school? Please write your comments.**

<i>It cannot remain as is! While there is no flow of funding allocated to the Beaumaris campus by the College, the only resolution to this is to make the Beaumaris campus a stand alone school.</i>

Stand Alone School.
The current model is not working as Beaumaris Campus funding has been allocated to different campus.

Sandringham College are now a conflict of interest to Beaumaris Campus given the clear indication that the community want to separate

7-12 to be the goal.
Initially they may need to start with a 7-10 model adding 11 + 12 as students reach that year.
Same model Cornish Campus is currently undertaking.

3. Should it be a single sex school or a co-educational school?

Single Sex Male would balance the area and give families a much need choice. Ideally partnering as a brother school to Mentone Girls Secondary College. Given the Beaumain community is full of entrepreneurs + sports talent, it may be an idea to aim to focus or "specialize" as a 'business

1. Should the Beaumaris Campus remain a part of the Sandringham College or become a 'stand alone' school? Please write your comments.

- Sandringham College's credibility on supporting this campus is in doubt.
- To stand alone would be able to utilise facilities jointly with other schools such as MGSC.

The three key issues highlighted at recent forums are:

1. Should the Beaumaris Campus remain a part of the Sandringham College or become a 'stand alone' school? Please write your comments.

The council of Sandringham College has been delinquent in its duties to let the Beaumaris Campus standards deteriorate to the current status. For this reason, I believe a new entity should take control and stand alone.

2. If it were to be a 'stand alone' school, should it cater for Years 7 - 10 or Years 7 - 12?

The school should cater for year 7-12 which is in line with Mentone Girls Secondary College but become a all boys school.

3. Should it be a single sex school or a co-educational school?

The area lacks schooling capacity for boys. For this reason it should become a sister school to Mentone Girls Secondary College and be modelled along the same principles. The two schools should be run under the same council and could possibly share some resources.
